

# EDUROAM INSTRUCTIONS

# MACINTOSH

OSX 10.5.X and lower

## CONNECTING TO EDUROAM

Before you can use Eduroam, you must use the 'Check your UTORid' website. Go to <https://www.utorid.utoronto.ca/> and click on **verify** under **Problems with your UTORid?**

To connect to an eduroam network, follow the steps below.

1. If your airport is off, select **Turn Airport On** from the wireless network icon in top right corner.
2. From the wireless network pull-down menu in the top right corner, select **eduroam**.
3. In the authentication window, type **utorid@utoronto.ca** in the **User Name** field, (where "utorid" is your actual UTORid). Type your UTORid password in the password field. Leave 802.1X as **Automatic**. Click **OK**.
4. Click **Continue** in the Verify Certificate window. The wireless icon in the top right corner will indicate when you are connected.
