EDUROAM INSTRUCTIONS

EDUROAM SETUP
Before you can use Eduroam, you must use the ‘Check your UTORid’ website. Go to https://www.utorid.utoronto.ca/ and click on verify under Problems with your UTORid?

1. In System Preferences, click Network.

2. Choose Airport, and click Advanced.

3. Go to the 802.1X tab, click the + sign, and choose Add User Profile from the pull-down menu.

4. Name the profile eduroam.
   - In the User Name field, type utorid@utoronto.ca, (where “utorid” is your actual UTORid)
   - Type your UTORid password in the Password field

5. In the main Network window, click Connect. It may take a few minutes to authenticate. The wireless icon in the top right corner will indicate when you are connected.

RECONNECTING
Once you have gone through the setup above, you will not have to complete those steps again. To connect to an eduroam network, follow the steps below.

1. Go to the wireless network icon in top right corner, and select eduroam from the pull-down menu.

2. In the password prompt window, type utorid@utoronto.ca, (where “utorid” is your actual UTORid) in the User Name field. Type your UTORid password in the Password field and select eduroam from the pull-down menu beside 802.1X. Click OK.
